MENTORING PROGRAM

BY THE NUMBERS

Years in Sacramento- 12 Years
Students Served- Over 2,000

Individual Mentors- 150+

Mentor Companies- 125+

Schools Served- 24

Scholarships Awarded- \$170,000

September through December industry professionals bring their expertise into the classroom to help mentor student exploration related to the fields of construction, engineering, architecture and the trades.

Students design a mock-building, explore hands-on activities during Trades Day and take field trips to local construction sites. The program culminates with a presentation of their team's project to industry judges.

Awards and scholarships are awarded at the conclusion of the competition and celebratory luncheon.

Contact Carlisle Sanden at csanden@cie.foundation for more information.
