In Attendance

Maria Haro-Sullivan, Liam Sullivan, Anne Hartridge, Shirley Jellison, Stanley Slavin, Aaron Gonzales, Ester Chapman, Godebo, Cecile Downs, Grancisca Lengs-Rossi

Approval of Minutes

First Meeting

Building Network

West Campus Engineering (WCE) program (Project Lead the Way) is in its 4th year. WCE seniors are beginning to research their Sr. projects. Mr. Brown would like help from parents to help expand the program by building relationships with local business in the fields of engineering, tech, programing, electricians, robotics architects etc.

Advisory Committee

There are a number of opportunities for all parents to participate on Advisory Committees. Thank you Shirley Jellison for volunteering to help supervise Wednesdays Robotics. We are still in need of Committee Chair for 1. Partnership with local business 2. Mentors 3. Two additional parents to help with Robotics program 4. Fundraising/Grant 5. Communication (Esther Chapman?) 6. Create a student survey 7. Resources

Equipment

WCE program is in need of new computers, four 3D printers, items to create a Makers Space, a location to house Makers Space. Mr. Brown will provide a wish list.
