Full Circle Project Learning Community

We have developed a pathway effort to assist our incoming first-year FCP scholars during their first semester of college in a holistic approach. Admitted FCP scholars will be assigned to a Learning Community, which will include a first-year seminar course and an introduction to Asian American Studies course (fall 2021) and a social change course (spring 2022). The FCP Learning Community is a cohort of students and faculty who all work and learn together to thrive successfully in their first year.
